

ASSOCIATE DIRECTOR

Henry Wong BArch (Hons) (Melbourne) RAlA Architect

Professional Career

Henry Wong trained as an Architect at The University of Melbourne 1998-2003 and became a registered architect in 2008.

Henry has experience in a range of Government and Educational facilities including residential and mixed use development. He has experience in all aspects of the project from conception to completion. Henry has been an Architect on a number of educational projects and maintains a high rapport with clients, stakeholders, consultants and contractors to ensure the best possible outcome for the project.

Early career project experience included mixed use and multi-unit housing projects, holiday resort and suburban masterplanning. Following this, projects included the Building Education Revolution (BER), planning and construction of new buildings for private schools and public schools, feasibility study, commercial base building upgrade, office relocation and office fitout.

Henry also has experience in project management in commercial base building upgrade and office fitout projects.

As a senior architect at Studio B, Henry has administered the construction of the Mooroolbark Salvation Army complex and design

and construction of the new senior school facility for Flinders Christian Community College.

Henry also provides support to his own Church building ministry by providing building, maintenance and other practical advice
