

MULTI-PURPOSE HERITAGE CHURCH INTERIOR CONCEPT TO COMPLETION

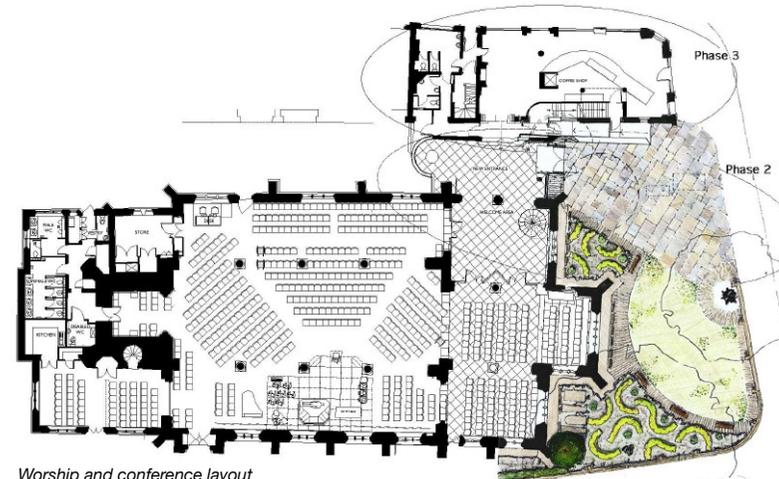

St Aldates Church, Oxford, UK

Banquet layout

Processional wedding / funeral layout

Worship and conference layout

St Aldates is a heritage church with evidence of worship on the site for over 1000yrs. This valuable space in the centre of the city was carefully adapted to be usable as a multi-function auditorium by the church community. The work included:

- Replacing the floor with a fully accessible surface finished with stone and carpet
- New AV installation, control desk & translucent blinds
- Demountable platform and full-immersion baptistry
- New furniture for entry, seating and platform
- New heating, lighting and re-colouring

The reordered the interior of the building provides a multipurpose space for all the churches large gatherings including worship, conferences, dinners, concerts, drama, weddings, funerals, multimedia events, workshops and children activities. Occasionally it is let to others outside the church for concerts, graduations or charity receptions.
