

NEW CHURCH HALL & REFURBISHMENT CONCEPT THROUGH TO DOCUMENTATION Kangaroo Grounds Presbyterian Church

This Heritage listed brick-built church building was built in 1858. Its church hall had been built about 40yrs ago and was in advanced state of decay. The decision was made to replace the hall and to connect it to the heritage church through the heritage vestry

- Multi-purpose meeting room
- Kitchen
- Toilets
- Entry
- Small vestry room
- Decks and barbecue area
- Car park

Key design challenges

- Location the building around mature trees
- Efficient planning of a linear building
- Sensitive integration with heritage buildings
