

REFURBISHMENT TO EXISTING CHURCH
 CONCEPT TO TOWN PLANNING
St John's German Lutheran Church, Springvale

This new foyer links the group of buildings together to create socialising space with new commercial kitchen..Together with providing a new gathering space, this project has made the existing spaces more comfortable and usable. A secure north facing courtyard provides for external dining, gathering and play.

Design features include:

- Greater street presence with inviting entry and outdoor seating
- Engineered timber construction
- Operable Auditorium wall to enlarge foyer space for events
- Large sections of East facing clerestory windows flood foyer with natural light
- Increased accessibility and security for church by reducing entry points
