

SMALL COMMERCIAL ALPINE PROJECT CONCEPT TO TENDER DOCUMENTATION

Lakeside Falls Creek, Falls Creek

Project Summary :

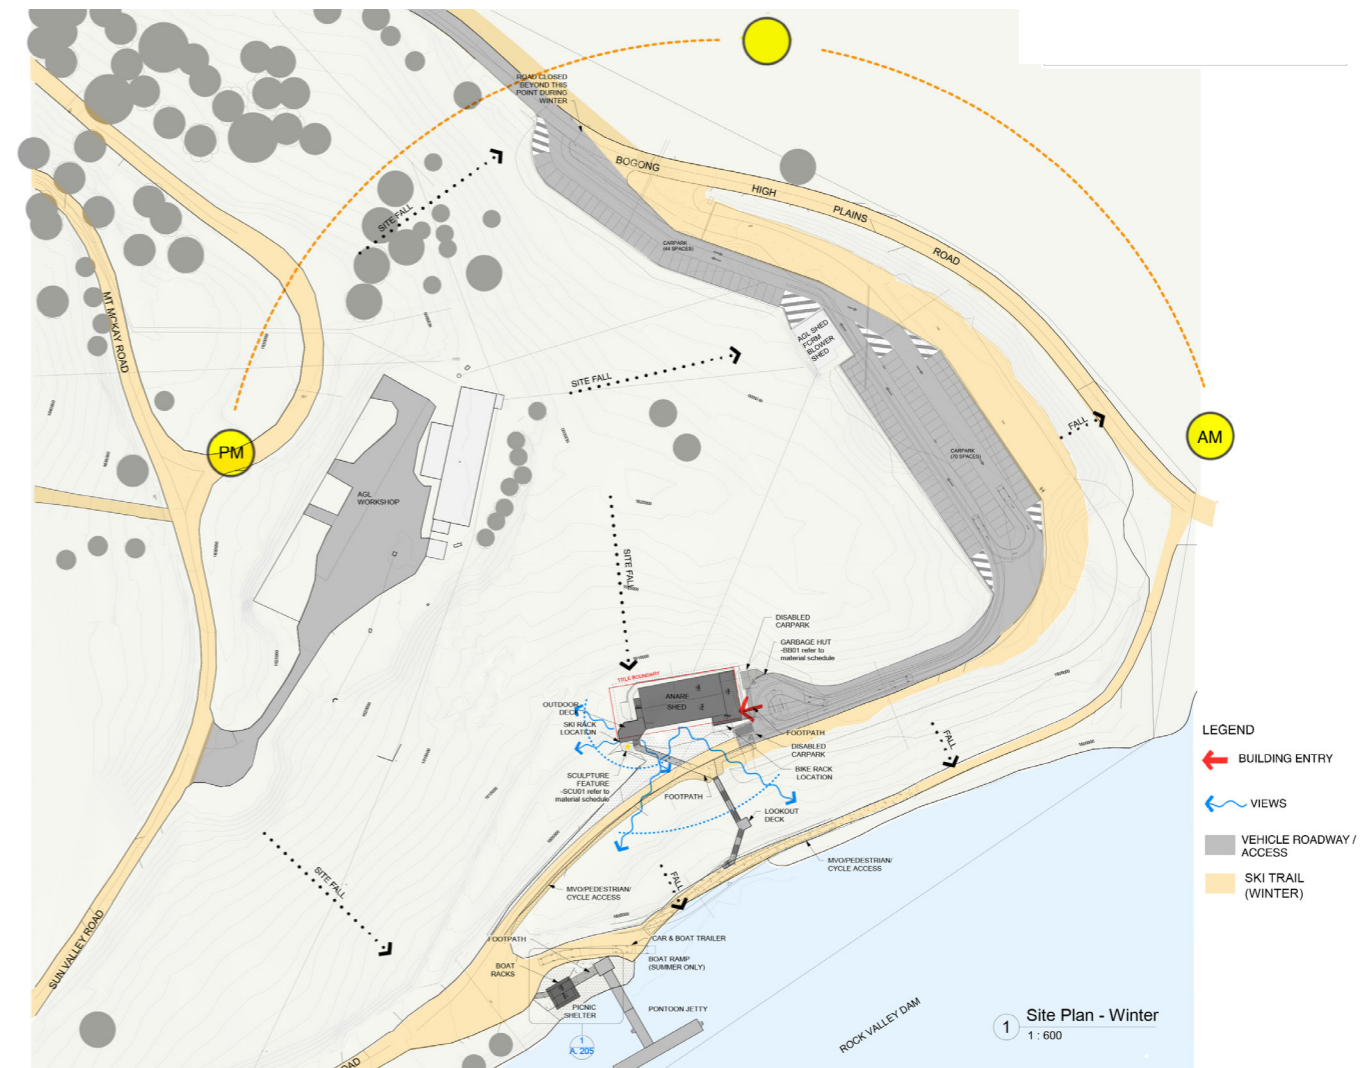

Studio B was engaged to design a skiing checkpoint/cafe fitout project.
This involved:

- A new **Cafe** serving occupants on Ground, Mezzanine levels and Outdoor Decking area.
- New **Toilet** amenities and **Change Room Facilities**.
- New **Office** area for staff.
- New **Outdoor Deck** for expanded dining capacity.
- New **Picnic Shelter** looking towards lake.

Design features:

Studio retained the existing form and structure of the building and designed with passive/active design principles in mind. Some examples include:

- **Insulated Panels** for **Thermal Comfort**,
- **Optimal Orientation and Views**,
- **Hydronic Heating**,
- and **Water Sourced Heat Pump**.
