

NEW CIRCULATION & CATERING FACILITIES FEASIBILITY TO COMPLETION Crossway Baptist Church, East Burwood, Vic

Crossway Baptist Church needed to provide check-in for toddlers, pre-school, primary and high school ages. This new entry with lift and staircase connects the car park to the children's centre, provides a new cafe and expands the foyer as part of the masterplan.

Spaces created:

- New cafe & enlarged foyer
- New children's reception
- New lift & staircase
- New storage vault

Design features include:

- New built extensions create welcoming and inviting light-filled points of entry
- Increased foyer capacity for gathering and fellowship
- Improved access and circulation creating a more efficient use of the existing building
- New catering facilities including commercial kitchen and cafe to provide hospitality for people remaining on site for longer periods
- Durable low-maintenance materials
- Improved daylighting
